Creative Direction of the Collection

The new Jolidon Fashion collection, proposed for the Fall / Winter 2018-2019 season, portrays the beautiful image of a woman who oozes elegance and simplicity - in style & behavior -, a woman who inspires artistry and self-reliance.

The modern design of the lingerie pieces is intertwined with the timeless beauty expressed within each creation, suggesting an utterly feminine vibe. One can sense a certain French-inspired flavor throughout this collection, given by its natural simplicity & unintentional glamour.

The collection is mainly designed for a great fit and comfort, while celebrating the artistic exposure of textures and overall design.

Jolidon Fashion FW 2018-2019 collection proposes two lingerie lines for this new season: Serendipity and Felicity.

S2036 D2035

Serendipity

Serendipity line expresses a contemporary design, focused on the graphic drawing of the lace, which brings a real artistic value to the lingerie pieces. Focused mainly on offering amazing comfort, this everyday fashion lingerie line also shapes up a beautiful image of the modern woman, who is a seeker of the simple pleasures in life and, ultimately, a lover of original experiences.

The lingerie pieces proposed in Serendipity are created around the graphic design of the lace, highlighting its details and softness. This particular lace has a wonderful filigreed texture, that is interpreted in different styles within the design of each lingerie piece. Either it is placed directly on skin and completed by the opacity of the blight fabric, or it creates a contrast with a beige background (in two of the color variants - fuchsia and navy blue). Also, in the black version of the lingerie pieces, the background of the lace is black and, thus, the textural play is more discreet, for the tone-on-tone display of the fabrics.

An important aspect of some pieces' design is the use of the criss-cross technique, where the blight fabric is juxtaposed so that it creates a decorative volume effect.

In terms of product range, this line is mainly comprised of ultra-light pieces, like the bralette, the non-padded underwired bra, a high waist panty and, of course, the fashion statement of Serendipity super-chic bodysuit. However, the line also includes best-seller shapes & designs, like the push-up bra or the balconette bra.

All in all, the pieces in the Serendipity lingerie line are a wonderful choice for those who look for comfort in a beautiful & stylish design.

Felicity

The line Felicity is celebrating through every delicate piece the beauty of a woman who is content with herself, who cherishes the simple things in life and incorporates love in everything she does.

The pieces of this lingerie line are created from a very elegant floral embroidery, applied on a delicate tulle and perfectly combined with a luscious same-tone elastic satin. The chromatic range for this lingerie line comprises two colors - white and black, each encompassing different details that add up to the overall design.

The black version of the lingerie pieces creates an impression of tattoo on skin, due to the combination of black embroidery and nude tulle, inspiring a truly sensuous style. The white version, however, proposes a wonderful bridal inspired style, with ultra-elegant details that celebrate beauty in every possible way.

The product palette is quite diverse, going from modern designs, to more classic ones, including some statement pieces. The Felicity bodysuit is one such fashion statement, due to its textural contouring design and timeless elegance.

Another lingerie set that highlights the idea of this line is the underwired bra S2042 with the classic brief D2042, that seem like a super-chic body tattoo, beautifully drawing lines and floral motifs on skin.

Overall, Felicity is a lingerie line that inspires every woman to embrace her inner elegance and to cherish her femininity.

Jolidon Clandestine Lingerie Collection
Fall / Winter 2018-2019

Creative Direction of the Collection

A collection that whispers sumptuousness and delicacy, Penelope by Jolidon Clandestine Fall / Winter 2018-2019 is inspired by the luxurious boudoir style, that reminds each and every woman of their inner sensuality and dares them to be more adventurous & self-confident. At the same time, this collection expresses the love for couture of a fashion-driven modern woman, celebrating beauty in all of its forms.

This season, the Clandestine woman reinforces her femininity and personal appeal with a tighter link to an artistic self-discovery, pampering herself with a more elaborate design and richer fabrics.

The lavish lace used for this collection is the centerpiece of the design, offering a spectacular mise-en-scene, with its exquisite graphic and detailing. Each lingerie piece becomes a visual spectacle that seduces all senses. The lace is completed by a very soft & comfortable microfiber, as well as with delicate tulle, that adds transparency to the overall design.

The lingerie pieces are extremely visual and some of them become more and more extended towards outerwear. This trend is still rising this season as well, thus we are proposing some products that play a powerful fashion role, like the long-sleeve bodysuit or the beautiful lace waist-belt, that can be worn underneath or over a shirt / top.

This collection has a diverse product range, including some really fashionable styles, but also classic shapes. Thus, to name a few, you can find a very stylish underwired bralette, the classic push-up bra with gel cups, an unpadded triangle bra, a very sexy carioca bra, perfectly combined with the high-waisted lace brief that splendidly showcases the graphic of the fabric. The brief range includes some classic, brazilian and string styles, playing with textures and drapings.
