CONTOUR

contemporary elegance
& maximum well-being

The line **CONTOUR** was conceived as a modern interpretation of every day second skin refinement.

The combination of stripes jacquard fabric and delicate contouring elastics provides an elegant and very modern alternative to basic everyday items.

In the meantime, the articles have the must have support and comfort technical characteristics especially studied for the size ranges they cover.

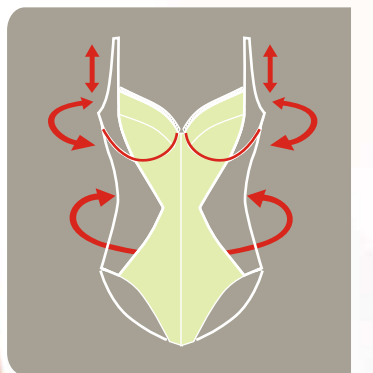

Characteristics :

- Comfortable articles with a fashion touch, with second skin invisible-under-the-clothes effect
- Special tonic elastic fabric, developed for containing and slightly contouring the silhouette
 - Rigid integrated straps for optimal support and comfort
 - Soft microfiber elastics for extra comfort
- Delicate and refined decorating elastics are used for contouring and designing shapes, in order to enlighten the articles and ensure a modern and lighter appearance
- The bras and body are decorated with a fine little heart charm accessory, just an extra touch of femininity
 - Soft stitches

CLASSIC BEAUTY

comfortable and refined beauty

The line **CLASSIC** is made to be worn every day, a special attention being paid to the confort and wearability in **generous sizes**.

The micro-fibre with pleasant feel but with supportive properties, the rich and refined lace, both doubled or thermo-welded with solid and resistant cotton that creates an optim confort.

The classic constructions embrace and support the **voluptuous lines**.

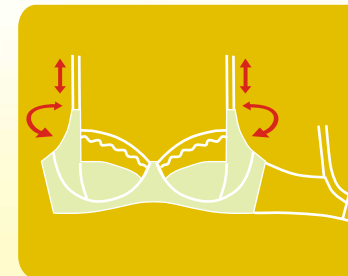

Characteristics :

- Delicate lace with a beautiful floral design
- The use of a special technique of welding – the backing of the most solicited parts of the micro-fibre and the lace with cotton, which allows for both an optimal support and an increased confort
- The combination of a pleasant at touch micro-fibre with a compact one for full support - and rich lace for elegance and femininity
- S1446, S1447 – made exclusively out of micro-fibre, with preformed cups
- Micro-fibre auxiliaries (elastics, straps) for a plus of confort and support

COMFORT STYLE

shaping and support

The line **COMFORT** was conceived to shape the body and to offer a maximum wearability due to the combination of two fabrics, especially created for this purpose.

For added elegance the products feature a rich lace with floral graphic motifs.

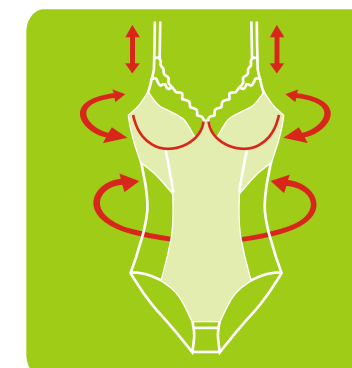

Characteristics :

- The combination of two fabrics, one of which is realised by thermo-welding and used for the strongly solicited areas or, in the case of the body and the breafcs, for the purpose of shaping the body.
- The common properties of the two fabrics:
extra confort, body moisture system, quick drying, easy care, wrinkle free
- Lace insertions for a plus of elegance
- Micro-fibre auxiliaries (elastics, straps) for a plus of confort and support
- Soft stitches
